ELWR - Elastic Fabric Wristband

A high-quality reusable elastic fabric wristband personalised with a full colour print on both sides and a custom single-colour woven label. This method of printing allows for detailed and vibrant designs while the woven label offers a unique and attractive way to display additional artwork.

Smooth and durable microfibre polyester is comfortable to wear and water and tear-resistant. The stretchiness of this material means the wristband is very easy to put on and take off.

Woven labels are available in a wide range of standard colours.

Wristbands are long-lasting and popular products found in many forms, from fashion or sports accessories to ID or security passes. As promotional items they're perfect for fundraising and awareness campaigns.
