MAGIC001 - Magic Cube (70mm)

The original high quality 70mm Magic Cube printed full colour on all sides. This clever cube consists of 8 connected blocks that continuously flip and fold in a seemingly never-ending loop. Each new fold reveals more vibrant artwork as the cube magically morphs into steps and cuboids and back again.

2 standard templates: Model 799 creates 9 panels (6 square and 3 rectangular) and is brilliant for billboard-style designs/Model 012 creates 12 panels (all square) and is ideal for cubic calendar-based designs. Bespoke templates can use every available cube face to create up to 48 individual panels.

Not to be confused with cheap copies, blocks are made of durable black HIPS recycled plastic covered with matt labels which give a superb quality & long lasting finish worthy of premium brands

Fitted with a magnetic closure and individually shrink-wrapped as standard.

Optional extras: anti-scratch labels/clear plastic stand/plain white or branded paper box/AR.

Also available in a range of alternative sizes: 50/60/75/82/126mm (please enquire for prices and details).

The Magic Concepts range represents the pinnacle of highly engaging and intelligently designed multisensory 3D media. These magical folding and twisting puzzles provide the perfect way to effectively communicate anything from product launches or anniversaries to company values and corporate training.
