WKSR25 - 25mm Wristband Keyring

A recycled PET wristband keyring with a dye sublimation CMYK print. This method of printing is perfect for creating vibrant and detailed full colour designs.

Recycled PET fabric is an ultra-smooth and durable material that is not only water and tear-resistant but also a more sustainable alternative to polyester.

This wristband style features a long loop (18cm) giving more room for branding.

Fitted with a 25mm split ring as standard.

A UK-made version is also available along with a polyester alternative.

Wristbands are long-lasting and popular products found in many forms, from fashion or sports accessories to ID or security passes. As promotional items they're perfect for fundraising and awareness campaigns.
