

LAN11 - Short Release Attachment (LAN11)

A high-quality fitting available at an additional cost (on request) for most non-stocked personalised lanyard orders.

Lanyards help hold and display ID badges or security passes and carry small items like keys. They're used day-to-day by many organisations and for all sorts of special occasions, from conferences and exhibitions to sports and entertainment events. This makes them an affordable and highly effective marketing tool.
