SW(MUL)-A - Silicone Wristband (Adult: Multicoloured Material)

A smooth multicoloured silicone wristband personalised on 1 side with a recessed logo (with an optional colour infill) or a screen print. Recessed designs are great for creating more subtle artwork while printing can produce both fine and muted or bold and vibrant artwork.

NB: An additional print charge may apply if the artwork covers over half of the wristband circumference.

Soft silicone is lightweight and comfortable while also highly durable.

Individual colours can be pantone matched in a banded or marble-effect style.

2 standard sizes: **adult (210x12x2mm)**/child (180x12x2mm).

5 standard options: recessed/recessed and infilled/printed/raised/**multicoloured**. A bespoke silicone wristband can also be made combining these various styles to create a truly unique item.

Wristbands are long-lasting and popular products found in many forms, from fashion or sports accessories to ID or security passes. As promotional items they're perfect for fundraising and awareness campaigns.
